ERCA WEB-EVENT December 11 10.30 – 12.30 CET

LINK: about youth and me

On December 11 2024 (10.30 – 12.30 CET) the European Rural Community Alliance (ERCA) organizes a web-event on **youth involvement.** We discuss two perspectives: 1. How to involve young people in the work of your organization? 2. Involving young people in policy-making on the local, national or European level.

Lucia Andreatta will speak about the international network of youth work organizations in Generation Europe. **Aimee Spence** was one of the organizers of the successful Scottish Rural and Islands Youth Parliament. After these keynote speakers there will be an interactive session to share experiences. We discuss the outcomes with experts like **Maarten Koreman** (PhD on the subject of youth involvement in rural areas) and **Matías Rubio** (president of 'La Bardal' and member of the 'Advisory Council on Youth' of the Council of Europe).

Save December 11 in your calendar.
The final program including the link to register will be published mid-November.
